HOLLYWOOD CEMETERY CO.

Annual Meeting of its Stockholders Held Yesterday.

THE REPORT OF PRESIDENT BARGAMIN

No Material Change in the Condition of the Graveyard_Tressurer's Communication. Officers Elected for the Year,

The stockholders of the Hollywood Cemetery Company held their annual meeting at the rooms of the Chamber of Commerce yesterday afternoon, with Mr. William H. Waring in the chair.

Mr. A. Bargamin, the president of the company, submitted his report, which read as

Since my last report there has been no material change made in the appearance of Hollywood Cemetery, although there have been many important improvements. We have cut out 1,200

portant improvements. We have cut out 1,300 feet of new walks and graveled most of them, and they will soon be finished. When this work is complete it will give that part of the grounds a much better appearance.

Persons purchasing lots in that part of the cemetery often ask where the walks will be. So this work will have a two-fold advantage. It gives us soil for other work, and marks off the grounds as they are intended to be by the plans. We have graveled several of the old walks and avenues, and kept them all in good condition. We expect very soon to start again the work on We have graveled several of the old walks and avenues, and kept them all in good condition. We expect very soon to start again the work on liverside hill, and hope to make it a very attractive place. The view from this point excels that of any other part of the cemetery. Our engineer, Mr. Burgwyn, is making a plat of the grounds between the hill and the river, and as soon as it is niled to a proper grade the walks and avenues will be marked out and graveled. The valley at the entrance between east and west Vale avenues, that was so long in a rough and unsightly condition, is about to resume its former be auty.

We hope this year to give rather more attention to the old grounds than we have been able to do of late. Your executive committee feel very much encouraged at the success they have had in the care of sections, and they hope eventually to have charge of every section in Hollywood. We think if the lot-holders would only give this matter proper consideration, they would turn their lots over to the superintendent to be carred for by the company. Very many of the cemetery companies, both North and West, will not allow any one to do work in the sections except through the company or by the owners themselves.

We have no object in desiring this work other than the good of the cemetery, which is certainly for the benefit of all those who own lots or are otherwise interested in the proper management of the grounds. There are very many sections owned by cuizens of Richmond who who never pay the least attention to them. It is surprising to see the names of people in good circumstances, and some who are wealthy, whose sections are in such a condition as to mar the appearance of the whole cemetery, or at least that part of it in which their sections are located.

We have no wabout 280 sections to care for,

at least that part of it in which their sections

are located.

We have now about 280 sections to care for, and these are well attended to. The finances of the company are in a very satisfactory condition. In addition to paying all expenses, which amounted to \$11.081.91, we have invested \$4.729 in securities and \$1.209 in fixtures on the lot owned by the company, on which we receive \$150 rent yearly. So you will see by this statement that we have not only kept the grounds in good order, but so you will see by this statement that we have not only kept the grounds in good order, but we have added to your sinking fund \$4.779 and \$1.200 in other property that is paying a good interest. We feel that it is absolutely necessary that the sinking fund should be increased every year if it is possible to do so; that at the end of twenty or thirty years, when all the sections shall have been sold and the revenue from that direction ent off, which is now our principal income, we should have interest enough from our sinking fund to maintain the cemetery perpetually. The burials and such work is under the direction of the superintendent, and I will refer you to his report to the president for that information. In connection with this report, Superintendent.

In connection with this report, Superintendent Hooper, of Hollywood Cemetery, read his private report to Mr. Bargamin. The presi-dent's report was adopted.

TREASURER'S REPORT, Mr. George D. Pleasants read the annual statement of the treasurer, showing that bonds amounting to \$39,610 are in his custody. The receipts during the past year amounted to \$22,099,58, and the disbursements to \$21,-575.54, leaving a balance on hand of \$524.04.
After the adoption of the treasurer's report
the meeting went into the election of officers Pleasants, of Mr. Pleasants, Mr. A. Bargamin was re-elected president. In the
board of directors a vacancy had occurred
during the year by the death of Mr. L. M.
Griffin. Mr. L. F. Bossieux moved to reelect the old board and to add Mr. Louis
Enker, as representative of the German element of this city, in the place of Mr. Griffin.
Major Robert Stiles, nominated Mr. L. F. Mr. Bossieux as one of the directors, and the vote which was then taken had the following rewhich was then taken had the following result. Preston Cocke, John Dunlop, Henry Exall, M. M. Gilliam, F. T. Glasgow, T. W. Pemberton, George D. Pleasants, E. D. Starke, N. Walker, Louis F. Bossieux, Louis Euker. All of the members of the old board

were re-elected with the exception of Mr. O. Judge Minor announced the presence of a committee of the ladies of the Holywood Me morial Association, who would like to be heard in regard to a legacy of \$500 left by Mrs.

Mary G. Hammond.

Major N. V. Randolph, the executor of the will in question, stated that the testatrix, his aunt, had by some mistake left the amount in question to the Hollywood Cometery Com-pany, while she had intended to leave it to

the Hollywood Memorial Association.

USE OF THE MONEY. Mrs. Colston explained in detail how Mrs. Hammond had stated to her that she wanted the ladies to have the use of the money in return for their taking care of her son's grave

and her own.

Hr. Hooper thought the cemetery company should take charge of the money, and Mr. John Dunlop argued that their company should keep \$150, or whatever should be necessary to take care of the two graves, and turn the balance over to the ladies.

Exactly a protection was adopted at the sug-

Finally a motion was adopted at the suggestion of Mr. M. M. Gilliam to the effect that it was the sense of the meeting that the \$500 donated to the company by Mrs. Mary G. Hammond be turned over to the Holly-wood Memorial Association, if this was legally possible, and that the whole matter be refered to a committee of three with power. The Chair appointed as members of that commit-

ee Messrs, Gilliam, Dunlop and Pleasants.

Judge Minor also stated on behalf of the ladies that they would like to have their rights to the burial grounds of the Confederate dead in Hollywood clearly defined. In 1868 an offer had been made by the cemetery company to convey to the ladies that part of Hol-lywood where the Confederate dead were buried, but it was learned at the time that it could not be done, the Hollywood Memorial

Association then not being incorporated, The committee mentioned above will look into the matter, and in all probability the cemetery company will, at their next meeting, convey to the ladies the property in question.

MR. BRECKINRIDGE. He Will Deliver the Annual Address Before the Lawyers.

Lamb, the secretary and treasurer, has received a letter from Hon. William C. P. Breckmridge, of Ky., accepting the invitation extended to him by the executive committee to deliver the annual address on that occasion. Mr. Breckinridge was one of the Democratic leaders in the last Congress, and is well known as one of the ablest and most eloquent speakers in this country. Besides the annual speakers in this country. Besides the annual address there will be the president's address, by Judge E. C. Burks, and also several papers will be read, one of which will be by Hon.
